

Since 1989 the East End Seaport Museum in Greenport has been celebrating the rich maritime heritage of Long Island's Eastern most region from preserving Bug Lighthouse, to offering numerous cruise experiences across the Peconic Bay, to providing educational programs for local children and adults. The Annual Maritime Festival and Land & Sea Gala are our major fundraising events.

Sponsors have a direct impact in our ability to continue to provide these valuable experiences to the community, and preserve the maritime culture of the East End.
